

We Are Eunice

EUNICE

AND WE ARE HERE TO CREATE GREATNESS

Smart Green
Living for All

We are the sole Energy Group in Greece that generates, supplies and utilizes electricity exclusively from Renewable Energy Sources.

As pioneers in the production of 100% clean, green energy, we contribute dynamically in shaping the industry, by implementing private investments and developing strong national and international alliances and partnerships.

With a significant position on the international energy map as well as the Greek and global green economy scene and with more than 20 years of experience in the development of innovative and integrated solutions in the renewable energy and technology sector, we support a broad range of green activities and operate across a wide spectrum of clean and sustainable projects with energy efficiency stretching along the value chain.

OUR VISION

A world where every individual is a NetProsumer, every household is energy autonomous and every state is energy independent.

OUR MISSION

To provide innovative green tech solutions, empower humanity towards a smart green living, and eternally pave the way for energy democracy.
